# CURRICULUM

---

Students at South View School follow a broad and rich curriculum, which maintains a significant degree of consistency with other British Curriculum schools around the world. This enables us to ensure a continuity of study for all of our students.

The academic programme is based on the National Curriculum for England, delivered in English, and adapted to take into account our international context and local circumstances. Arabic is an important language for all of our students to learn and Islamic Studies is delivered to our Muslim students, as directed by the Ministry of Education.

South View School is committed to ensuring that the 'whole child' progresses, and so we do not focus only on the academics. Our student-centered approach nurtures the individual abilities of our students; students are taught to utilise their own initiative and innovation and to actively participate in the learning process in a reflective and evaluative way.

Our Year 7 to 12 students are taught by a range of British Curriculum specialists, using various assessment methods, both summative and formative to ensure solid progress. The school recognises the importance of KS3 as the preparation for IGCSE and A Level programmes that will follow for SVS Students.

# HEALTHY EATING POLICY

---

A balanced diet is important for good health. It is recognised that there is an important connection between a healthy diet and a pupil's ability to learn effectively and achieve high standards in school. South View School recognises the value of promoting healthy eating habits and the important role this plays in the prevention of illnesses therefore enabling students to achieve their full potential at school.

The Healthy Eating Policy at SVS reflects the medical, ethical, allergenic, and religious requirements of pupils and staff. South View School has a strict NO NUT and no pork policy this must always be adhered to.

## MEDICAL POLICY

---

South View School is committed to providing the very best health care for our pupils. We have full-time DHA licensed Nurses and Doctor with a school clinic located by the side of the administration block.

### **School Clinic**

When a child visits the clinic, they will be registered and assessed by the medical team and appropriate treatment and advice will be administered. You are welcome to contact our medical team to discuss any health concerns you may have regarding your child by visiting the clinic or emailing on [clinicgroup@southview.ae](mailto:clinicgroup@southview.ae)

Should your child visit the clinic the parents will be contacted by phone when necessary and a daybook log will be issued on Engage advising the parents of the assessment, treatment, and outcome as appropriate. As the phone is the primary mode of communication for the medical team it is important you inform the school of any changes in your contact details. Where a child is required to go home due to illness or injury the parents must collect their child as a matter of priority. Please note we cannot put a child that is ill or in distress on a school bus.

### **Infection and Illness Policy**

South View School aims to prevent the spread of infection and illness among students. Students must feel well enough to participate in school in order to learn effectively to gain the most out of the school day. Students recover more quickly at home with adequate rest, nutrition, and hydration. A child returning to school who has not fully recovered not only exposes other students to the illness, but it also delays their own recovery time. If a child is diagnosed with a communicable infection, the medical team must be notified at the earliest.

### **General exclusion Period**

- ♦ A fever is considered a temperature greater than 37.5C, a child with a fever will be sent home.
- ♦ A child may return to school after they have been free from fever for 24 hours without the use of antipyretics such paracetamol.
- ♦ A child who has diarrhea or vomited in the previous 24 hours must stay at home.

# SCHOOL TRANSPORTATION

Applications are on a first come first serve basis and are subject to seat availability. Once the forms have been processed you will receive your preliminary bus timings. If you agree to these timings, you will then be sent an invoice for the agreed service.

It is very important that you do not submit payment until you have received the proposed timings and invoice as this is a non-refundable payment. If your child is sick and will not be attending school on that day, we request you to SMS or call the bus guardian a minimum of 30 mins prior to designated pick up time.

## Change of Address

If there is any change of address, please email **transport@southview.ae** and inform us of the exact location. Our transport team will then advise new pick up and drop off times. # ATTENDANCE AND PUNCTUALITY

---

South View School believes regular attendance is crucial in raising standards of education ensuring that every child can have full access to the school curriculum. Student's absenteeism and tardiness affect the school's ability to provide effective educational services, the achievements of consistently absent or late students and disrupt the learning experiences of other students in the school.

South View School will endeavour to promote a culture and ethos which encourages very good attendance in which each student feels valued, safe, and secure. Students need to develop and maintain good habits of regular attendance and punctuality if they are to make the best time at our school.

South View Schools Aims of Attendance are:

- To encourage swift and prompt arrival to school
- To encourage regular attendance
- To ensure that routines are in place for monitoring attendance for early indication of any difficulties.

# STUDENT SUPPORT

---

## Inclusion Department

At South View School we welcome students with different academic backgrounds and abilities. We aim to provide a fully inclusive learning environment, where all students are treated as valued members of the school community. Our Inclusion Department is positioned in the heart of the school to reflect our inclusive philosophy and approach.

For students with an identified need or a barrier to learning, an Individual Education Plan (IEP) is created, identifying key targets that are reviewed on a termly basis. Parents play an integral role in the target setting process and are fully involved in all areas of their child's learning.

Appropriate provision is determined on an individual needs basis. We are committed to ensuring provision is accurately matched to a child's needs through regular review and assessment. Provision may include class support, targeted group interventions or one-to-one intervention with a member of the Inclusion Department.

South View School prioritises students having excellent educational experiences. In addition to quality first teaching and academic support, the school has a full-time counsellor to provide social-emotional support for students in a more confidential and intimate setting. The school-parent relationship is an important aspect of students accessing consultations with the school counsellor.

If you have any questions about the Inclusion Department, please contact:  
**studentsupport@southview.ae.**

The aim is to give pupils a voice which can be used to communicate their views, contribute to the school culture, and promote pupil wellbeing.
